## MOTION ON NOTICE

**Councillor Arman Abrahamzadeh will move a motion and seek a seconder for the matter shown below to facilitate consideration by the Council:**

That Council:

1. Is deeply saddened by the tragic loss of innocent lives on all sides of the Israeli- Palestinian conflict, and acknowledges its ongoing impact on our local community.
2. Calls on the Federal Government to adopt the United Nations Resolution calling for an immediate humanitarian truce in Gaza, stopping any further bloodshed.
3. Requests from Council administration, as we did for Israel, to light up the Adelaide Town Hall in the Palestinian colours, Red, Black, White and Green; the City of Adelaide in a sign of solidarity, as they did for Israel, and light up Adelaide.
4. Requests for the Lord Mayor to write to the State Government asking them to join the City of Adelaide in a sign of solidarity, as they did for Israel, and light up Adelaide landmark buildings in the Palestinian colours.
5. Requests from Council administration to work with the State Government to jointly facilitate, at an appropriate time, a vigil to give the opportunity for our community to grief and pay respect to the many innocent lives lost on all sides of this conflict.'
